COMPANY PROFILE

The company is a leading provider of laboratory equipment and services, specializing in the design and construction of laboratory facilities. We offer a wide range of products and services, including laboratory equipment, laboratory furniture, and laboratory services. Our products and services are designed to meet the needs of a wide range of laboratories, from small-scale research laboratories to large-scale industrial laboratories. We are committed to providing high-quality products and services at competitive prices.

Our products and services are designed to meet the needs of a wide range of laboratories, from small-scale research laboratories to large-scale industrial laboratories. We are committed to providing high-quality products and services at competitive prices.

NUPORE®

NUPORE®

PureChrom™ Syringe Filters

- Ready to use for laboratory sample preparation, chromatography and spectroscopy applications
- HPLC Certified
- Ensures rapid and efficient filtration of aqueous and organic solutions
- Recognized & Approved for PPM to PPT Level Analysis

PoreCap® Capsule Filters

Available in various membranes:

• PES • Nylon • PTFE

Sterile and non-sterile options with diversified media

Nylon Disc Filters

Naturally Hydrophilic and Super Strong HPLC grade Membranes

Applications

- HPLC Sample Filtration
- Mobile Phase Filtration

PoreCap® Capsule Filters

- Compact, easy to use
- Heat Stable & sturdy polypropylene housing
- Biologically inert
- 100% Integrity tested

NuCart® Cart

Large surface area for high flow rates in a wide range of applications. High integrity tested.

NUPORE

SINGLE USE BIO BAGS

Reduce your processing time and cost. Increase your productivity.

Comprehensive range of products for your laboratory and industrial needs. High quality, reliable, and easy to use.

NUPORE

Sterifunnel®

Features

- Ready to use
- Pre Sterilized
- No special preparation required
- Pleat-free membrane wrinkling

• CMC • PPT

Applications

- Sterility testing of water
- Microbial contamination analysis

Membrane Disc Filters

Cellulose Nitrate

Offers uniform pore size and is highly effective in blotting & microbiological applications

Sterile and non-sterile options with diversified media
